

# Money For Nothing?

**Sick of the constant bickering with payroll?  
Looking for an easy way out?  
Considering paying someone to do it?  
Why not let us do it for you at no outlay to yourself?  
We anticipate up to a \$40,000 return!**

## **SDQ is seeking member volunteers to road test a new payroll audit system**

### *What you do*

1. Give us copies of your last 6 years worth of payslips
2. If you keep timesheets then we would like those as well
3. We need a letter from yourself giving permission to us to request payroll information and negotiate on your behalf

### *What we do*

1. Contact payroll and retrieve your timesheets.
2. Audit your pay
3. Contact payroll on your behalf to arrange payment into your nominated bank account

### *What do we get out of it?*

1. The knowledge that we have created a great membership tool
  2. We remove the need for confrontation with payroll by performing this service for you
  3. We have negotiated a 25% finder fee up to an agreed maximum amount. This allows us to outsource to an accountant. If we don't find it we can't keep it!
- We need 20 members to test the viability of this program  
This is an exciting new concept that takes the hassle out of working out your pay and arguing with payroll

**Let us do it for you!**
